#### Remarks

(Remarks are not for responding to an office action.)

This is Part 1 of a three-part Information Disclosure Statement needed because of the number of US patents and publications which the applicants wish to have considered in this case. A conventional paper Information Disclosure Statement is also being submitted herewith to make of record foreign patents and non-patent publications. The Office is respectfully requested to note that, since the applicant has not yet received a communication containing the Examiner's name, the Group Art Unit and Examiner name specified in this submission are taken from the PAIR system on September 17, 2002.
